

Nikolay Emrikh

Data Analyst

Analytically focused data specialist with expertise in Excel (Power Pivot, Power Query, VBA), SQL/NoSQL, and BI tools including Power BI and Tableau. Experienced in data modeling, KPI monitoring, and performance reporting, supported by hands-on work with SAP Software, 1C: Enterprise, and relational databases. Proficient in Java for data processing, JavaScript/TypeScript for interactive dashboards, and familiar with Git/GitHub and Linux environments. Adept at translating complex data into clear insights to support informed business decisions.
